SmartWinnr has been rated as one of the top 50 Sales Products two years in a row by G2 based on actual customer feedback.

Job Role: Product Support Engineer Intern

Job Location: Hyderabad

Role Description

We are looking for a proactive and detail-oriented **Product Support Engineer Intern** to join our dynamic team in Hyderabad. In this role, you will work closely with internal stakeholders and global clients to support the implementation and analysis of AI-powered product solutions. You will contribute to the setup and execution of Proof of Concepts (POCs), analyse client requirements, and ensure that solutions are delivered effectively and aligned with business needs.

This is a valuable opportunity to gain hands-on experience across global markets including the USA, UK, Europe, Japan, China, Singapore, and India, while developing cross-functional product, analytical, and communication skills.

Key Responsibilities

- Lead and support the setup and delivery of client-specific Proof of Concepts (POCs), aligning execution with strategic objectives.
- Collaborate with cross-functional teams including product, project management, sales, and support to deliver quality-tested and data-driven POC deployments.
- Work closely with internal stakeholders to understand business requirements and translate them into actionable product configurations.
- Engage with global clients and internal teams across APAC, EMEA, and other regions to support solution delivery and feedback cycles.
- Analyse issues, identify patterns, and assist in troubleshooting during the POC phase, ensuring customer satisfaction and solution effectiveness.
- Document insights, user feedback, and implementation data to contribute to product enhancement discussions and impact analysis.

Requirements

Education

- B.Tech, BCA,B.Sc or equivalent degree in a related field.

Professional Experience

- 0–1 year of experience as a Junior Product Analyst or a similar role.

Skills & Tools

- Excellent verbal and written communication skills in English.
- Ability to quickly learn and work with platforms like SmartWinnr.
- Proficiency with Gmail, Microsoft Excel, Word, and PowerPoint.

Personal Attributes

- Highly motivated self-starter with a strong sense of ownership.
- Analytical thinker with excellent problem-solving capabilities.
- Customer-centric mindset and a passion for delivering high-quality support.

What We Offer

- Mentorship and guidance from experienced professionals in a fast-paced SaaS environment.
- Exposure to real-world global projects and hands-on implementation experience.
- Opportunities to enhance both technical and professional skills.
- A collaborative and innovation-driven work culture with continuous learning.

Kindly share your CV to us at hr@smartwinnr.com and we shall get back to you at the earliest.

Please note: It would really help if you can mention the following as well while emailing us:

1. Are you immediately available?
2. Where is your base location?
3. What is your current CTC and expected CTC?
