

# NEXUS INNOVATIONS INC.

## ANNUAL REPORT 2024

### COMPANY OVERVIEW

Nexus Innovations Inc. is a leading provider of enterprise software solutions, specializing in cloud-based platforms.

Our mission is to empower organizations with secure, scalable, and intelligent software solutions that drive growth.

#### Leadership Team

Our executive leadership team brings together decades of experience in enterprise software, cybersecurity, and cloud computing.

#### Corporate Values

Our core values guide everything we do: customer obsession, technical excellence, integrity, collaboration, and innovation.

### BUSINESS PERFORMANCE

#### Revenue Growth

In fiscal year 2024, Nexus Innovations achieved total revenue of \$125 million, representing a 28% increase over the previous year.

#### Profitability

We achieved a gross margin of 72% and an operating margin of 18%, both improvements over the previous year.

#### Customer Acquisition

We added 87 new enterprise customers in 2024, bringing our total customer base to 512. Our customer retention rate remains at 95%.

#### Market Expansion

We expanded our presence in the Asia Pacific market, opening new offices in Singapore and Tokyo. This strategic move is expected to drive significant growth in the region.

### STRATEGIC INITIATIVES

#### Product Development

Our research and development investment increased to 22% of revenue, up from 18% in the previous year. Key focus areas include AI integration and cloud-native architectures.

#### Partnership Program

We expanded our partner ecosystem to include 150 technology partners and 45 system integrators. Our partnership strategy is a key driver of our market expansion.

#### Digital Transformation

We continued our own digital transformation initiatives, implementing advanced analytics for business intelligence and automating internal processes.

### SALES SUMMARY
